AND MANY OTHER ADVANCED TECH SOLUTIONS FOR THE GLASS INDUSTRY

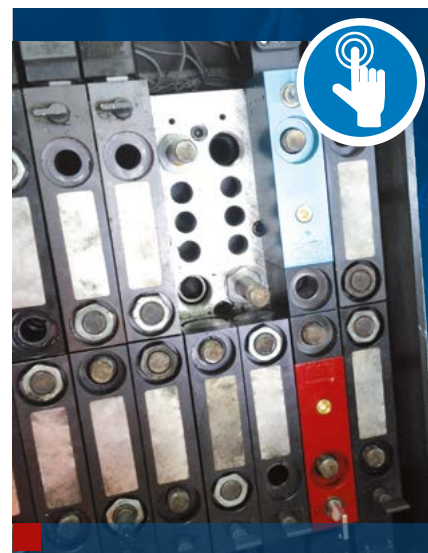

During Glasstec 2016, MAC Valves exhibits exclusive designs of the 21-line valve blocks.

The latest 21-line drop-in solution valve blocks will be displayed in several configurations depending on the glass forming equipment operated.

The MAC Valves blocks feature the legendary 54 series solenoid with an innovative 3-position manual override. To date, over 3800 units have been installed worldwide.

See you next week for more information.

MAC Valves has been providing a 100% drop-in replacement for individual solenoids dedicated to 26-line valve blocks for over 4 years. Over 10.000 units have been sold so far.

Come to our booth to be informed of the latest evolutions of this solution.
